Target Audience

Physicians, Nurse Practitioners, Nurses, Allied Health Professionals, Public Health Providers, Healthcare Professional Students, and Community Health Organization Representatives

Objectives

- 1) Recall benefits of medical cannabis for older adults.
- 2) Identify Georgia laws pertaining to the conditions for which a person is allowed to access medical cannabis.
- 3) Explain how medical cannabis is legally accessed in Georgia.
- 4) Recall information from scientific journals regarding the role medical cannabis can play in reducing dependence on opioids and antipsychotics.
- 5) Detail information from studies on dosing and cautions about potential drug interactions and conditions a person may have that warrant not using medical cannabis.
- 6) Describe ways physicians, nurses and staff in long-term care can support older adults who choose to use medical cannabis.

Accreditation

The Medical Education Council of Pensacola (MECOP) is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

The Medical Council of Pensacola designates this enduring material for a maximum of **1.5 AMA PRA Category 1 Credit(s)™**.
